

CFISD'S Windfern School of Choice is searching for YOU!

If you are behind on your credits and would like to catch up and complete your graduation plan, maybe Windfern School of Choice (WSC) is for you!

Opened in 1995 to serve junior and senior students from all CFISD home campuses, Windfern School of Choice **NOW** also proudly opens its doors to reclassified freshmen and sophomores.

Windfern is a "campus of choice" which is different from an attendance zone campus. The school you currently attend is an attendance zone campus which means that you attend your school based on where you live in our school district. Windfern is different because we do not have an attendance zone; students come to WSC from all parts of CFISD. Students make a choice to apply to WSC.

Windfern reviews your application carefully, and if we believe we can help you meet your goal of graduation, we will extend an invitation for admission. To be clear, you would remain enrolled at your home campus, but you would attend classes at Windfern. Your class rank would be calculated with your home campus graduating class, and your diploma would bear the name of your home campus.

What does Windfern offer you? *Instead of seven 53-minute classes each eighteen-week semester, you would carry only three classes of 110 minutes each nine-week marking period known as a "mini-mester."* Each successfully completed class would earn you a semester credit. Additional credit-earning opportunities are also available. *Classes typically have 12-18 students*, allowing teachers time to provide students an extra measure of individualized attention. Additionally, Windfern's *small, cohesive campus* provides students with a family-like environment in which teachers forge strong relationships with students characterized by support and respect.

Windfern welcomes responsible young adults who seek to make a positive change in their lives and are serious about reaching their goal of graduation. My faculty and staff join me in challenging you to embrace the opportunity offered to you at Windfern School of Choice!

For more information about Windfern School of Choice and how to apply, please contact us:

*Windfern School of Choice (281) 807-8684
Martha Strother, Principal (281) 517-2007*

Windfern's application for admission can be accessed through our website www.cfisd.net/campuses/Windfern. All home campus counselors' offices also have copies of our application. If you would like to tour Windfern, we welcome your fact-finding curiosity. We have limited enrollment, so if you are serious about graduating, don't delay. We'll be watching for your application!

Whatever It Takes: Accelerate to Graduate!
